For a better 20 years! Routejade Fighting!

■ Celebration of the 20th anniversary

Routejade is proud to announce their 20th anniversary!

We took this opportunity to thank our colleagues for their efforts. When our company was founded in 2000, we had only a line for coin cells, and made 1st coin type Li-ion rechargeable battery in the world. But we now have 4 automatic lines for pouch cells aside coin cells, SLPB and have become one of the international Lithium-ion battery manufacturer. We could have come this far because of hard work of each member and our customers. We appreciate you for being part of our success during the past 20 years. We will continue to provide you the best quality batteries under our new slogan "Move with customer, Lead the world".

■ 4th Line & 2nd floor

In 2020, we completed FLPB 4th line by expanding the second floor of our factory. Then, we have some advantages through this line expansion.

-Higher Capacity

We had 3 automatic lines for pouch cell series and now we launched another new line. So, we have 4! This new line has similar with the existing 3 lines, but it has upgraded both for speed and stability.

- Higher Quality

With the expansion of the 2nd floor, we secured the space. We can provide a pleasant environment for our employees by expanding this space. Working in a comfortable environment, we care about the well-being of our employees, and our employees improve productivity. This improves not only the production stability of our products, but also the quality of our products.

■ COVID-19

In 2020, we are facing a unprecedented situation around the world, and Covid-19 is continuing to impact global communities and business.

We, Routejade are taking actions to prevent its spread and lessen the damage to our colleagues and customers.

- Body temperature checks at the door
- Sanitizing and records all visitors
- Wearing a mask in production and conference
- Keep trying 2 meters social distance all day long including a lunch.

Even in the face of this difficult situation around the world, we keep our productivity without any problem through these countermeasures. We hope our customer and partners always stay safe with their colleagues, families and friends and will do everything in our power to support you.

August 24, 2020

Your eternal Partner, Routejade

■ Surprising News!

- New Factory

We expanded our factory site and our manufacturing facilities will be newly built on this site. We believe that it also brings us several advantages in production and management. Aren't you expecting which one will be added?
